OBSERVE ANY BEES YOU MAY SEE, BUT REMEMBER TO GIVE THEM THEIR SPACE!

KEEP A TALLY OF HOW  
MANY BEES YOU SEE:

- FROM WHAT COLOR FLOWERS WERE THE BEES GATHERING POLLEN AND NECTAR?
- WHAT COLOR FLOWERS DID THE BEES SEEM TO PREFER?
- DID YOU NOTICE ANY BEES COLLECTING WATER? WHERE?
- LIST ANY NAMES OF FLOWERS YOU SEE WITH BEES ON THEM. DON'T KNOW THE NAME? ASK AN ADULT!
- HOW WERE THE BEES ACTING? WERE THEY DOCILE OR AGGRESSIVE?
- BEES AREN'T THE ONLY POLLINATORS! DO YOU SEE ANY OTHER INSECTS OR BIRDS ON FLOWERS? WHAT ARE THEY?

WHAT DOES BEES CALL A WASP? ..... A WANNA-BEE!
